Brent Birnbaum: *Voyeur Voyager Forager Forester* at Denny Gallery July 13 - August 26, 2016

Denny Gallery is pleased to announce *Voyeur Voyager Forager Forester*, a solo exhibition by **Brent Birnbaum** on view from July 13th to August 26th, 2016. This is Birnbaum's first solo exhibition with the gallery.

Voyeur Voyager Forager Forester is a continuation of Birnbaum's practice of collecting obsolescent objects and repurposing these collections with whimsy and aesthetic rigor. The installation comprises more than forty used, wood-paneled mini-refrigerators stacked in totems of varied height, which will be positioned close together filling the main space of the gallery. The interiors of the fridges house micro-worlds of color-coordinated elements from Birnbaum's collections and miniature objects he has fabricated. The viewer will be able to explore the interiors of the fridges, inviting an experience of voyeurism and discovery. The fridges will be plugged in and humming, moving the air in the space, so that the experience of the exhibition will not only be visual and tactile, but also aural and olfactory. Many of Birnbaum's projects have featured domestic objects, and are thus informed by Birnbaum's interests in design, consumer culture, and notions of private and public space. Birnbaum's work engages with the legacy of Duchamp in his use of the readymade object, humor, and voyeurism, as well as Minimalism in his use of everyday materials, shifts in scale, and design.

Brent Birnbaum has exhibited previously with the gallery in the group exhibition *Share This! Appropriation After Cynicism* in 2014 followed by *SPRING/BREAK Art Show* in 2015, where Elizabeth Denny co-curated Birnbaum's monumental installation of a sculpture of eleven painted, running treadmills. *Voyeur Voyager Forager Forester* is Brent Birnbaum's first solo exhibition at Denny Gallery.

Brent Birnbaum (b. 1977 Dallas, TX) lives and works in Brooklyn NY. He received his MFA in 2006 from the School of Visual Arts in New York City and his BFA in 2001 from the University of North Texas, Denton.
